NEW & COOL

**1 Tri Suspension**

Progressive Suspension has gone back to the drawing board and created a state-of-the-art fork cartridge kit for the Harley-Davidson Tri-Glide trike models. The Monotube Cartridge Kit (\$499.95) has an asymmetrical design, which places a progressive rate spring in one leg and an aluminum-bodied, sealed cartridge damper and Frequency Sensing Technology valve in the other. This results in superior damping and ride control as a new benchmark for high-performance suspension on the 2014-and-newer Tri-Glide platform. Progressive Suspension parts and kits are made in California.

2 Think Pink

The 2016 Harley-Davidson Pink Label Collection includes a total of 59 items with a percentage of all sales benefitting three breast cancer program partners (ABCD: After Breast Cancer Diagnosis, National Breast Cancer Foundation and Young Survival Coalition). The Pink Label Metallic T (\$35) features tissue jersey fabric, a small cuff on the sleeves and printed metallic graphics. The Pink Label Hoodie (\$85) features sequined graphics on the front and back, kangaroo pockets, a zipper front and rib-knit cuffs and waist. Both items have a small woven Pink Ribbon logo on the front and come in sizes XS to 2XL and Plus sizes.

3 Adventure Lid

The E1 Adventure is the first Schubert helmet designed for enduro and adventure motorcyclists, offering the comfort, flexibility and safety of a flip-up helmet while meeting the requirements for off-road use. The Anti-Roll-Off System keeps the helmet in place and the fully articulating peak visor can be adjusted to three different positions independently from the face shield and chinbar. The E1 Adventure features a closable air vent in the chinbar and a removable and washable filter to help clean incoming air. It comes in five solid colors and two graphics with five colorways for \$829 (solids) or \$889 (graphics). Available in sizes XS-3XL with two different shell sizes.

4 Warm It Up

ThermaCELL's new Heat Packs, from Schawbel Technologies LLC, provide users with long lasting heat wherever they need it. ThermaCELL Heat Packs are thin, lightweight, rechargeable warmers with three temperature settings reaching up to 116 degrees for hours of comfort. Heat Packs can be placed inside gloves, pockets, hats, etc. and provide constant, regulated warmth for up to six hours per charge. Available in two sizes—smaller Hand Warmers (2-pack for \$79.99) and larger Pocket Warmers (1-pack for \$69.99). An on/off button with LED light indicates temperature setting. Wall charger is included and recharges in 2-4 hours (depending on model).

8 Adventure Tires

Avon Motorcycle Tyres North America now offers the TrailRider adventure sport tire. Tread sipes with three dimensional interlocking points reinforce tire stability, limit tire flex and allow the tire to warm up quickly for responsive handling. A super-rich silica compound enhances wet grip without sacrificing mileage. Carcass construction provides enhanced stability. For rear fitments, the TrailRider features Avon's latest triple-compound construction for longer mileage and exceptional grip. Available in six front fitments and 12 rear fitments with a free-replacement road hazard warranty.
